“youth is a gift; age is an art”

A passion for beauty, health and skin care led Dr. Vivian Bucay to establish a boutique-style practice that caters to and pampers patients. “Medicine is the opportunity to combine my love of science with my love of people. I’m very hands on and also have a tendency to be a detective during consultations, with the goal of properly diagnosing patients’ conditions. I firmly believe that the skin is an indicator of what’s happening inside the body,” says Dr. Bucay, stressing that health and beauty aren’t mutually exclusive. “You can’t attain beauty without a healthy foundation, and the road to beauty should never compromise one’s health.

*NewBeauty*® is the world’s most unique beauty magazine, and is fast becoming a powerhouse beauty brand spanning print, online and retail. *NewBeauty* magazine is the first publication devoted exclusively to “everything beauty,” converging the medical, spa and mainstream markets to serve as the ultimate aesthetic resource. When launched in January 2005, *NewBeauty* instantly struck a chord with readers, marketers and medical professionals, becoming heralded as an archetypal, all-encompassing beauty publication, with an immediate national presence. Since then, *NewBeauty* has

continued to revolutionize the way people learn about cosmetic enhancement, educating consumers about the latest advances, inside secrets, “must-have” products and expert advice.

With nearly 10.2 million surgical and nonsurgical cosmetic procedures performed in the United States during 2008, a 162 percent increase since 1997, *NewBeauty* fills the void for reliable information on all types of aesthetic procedures in light of the growing interest and surge in cosmetic-enhancing treatments. In doing so, it informs, enlightens and inspires its readers with new-age developments and tried-and-trusted beauty innovations. With a distribution of approximately 500,000 copies per issue, *NewBeauty* is available for purchase at 40,000+ retailers in the United States, including major bookstores like Borders, Barnes & Noble, as well as airports, supermarkets and newsstands.

To ensure the accuracy of information in *NewBeauty*'s pages, the publisher established the Editorial Advisory Board, comprised of recognized experts in their respective fields.
